CAPABILITIES STATEMENT

CORE COMPETENCIES

Alpha Modalities LLC is headquartered just outside of Seattle, WA. We began in 1996 with the vision of providing clients with well-integrated Safe Patient Handling solutions that focus on safety, compatibility and cost-effectiveness.

We design and manufacture washable, wipeable and SPU slings that can be used with all ceiling and floor based lifts sold in North America. As a small business, we have the ability to quickly respond to your needs. We are committed to helping you attain a successful Sling Management Program.

DIFFERENTIATORS

- Customized sling sizing, labeling and colors
- Quality training programs
- Guaranteed compatibility with all hardware systems currently sold in the North American market
- Responsive customer service
- Individualized Programs - we work with you to determine which solutions meet your needs
- Unlimited 3 year warranty
- Made in the USA - All of our materials and products are manufactured in the United States
- Experience - We have been the Sling Specialist for over 20 years
